* Operating systems listed are exclusive to the supported operating system and browser version as documented by the browser manufacturer and supported by Ellucian solutions. Indicates all Operating Systems supported by the browser manufacturer as documented by the browser manufacturer and tested by Ellucian. The Recruiter Console supports IE on Windows only. In some cases where third party products (ex. Cognos) do not support the listed browser version, Ellucian solutions which are dependent upon the third party component may not be fully supported. Always consult product release guides for additional browser support information. See the Ellucian Browser Support Policy page for more information about supported browsers for Administrative applications and Self Service Applications.

** fsaATLAS is now named Ellucian International Student and Scholar Management. This product is supported on IE and Firefox for Windows only.
