“Childhood is a Journey, Not a Race.”

FEE SCHEDULE
(Effective January 1, 2010)

We require the first two pages of the families’ signed tax return (1040) of the current year or last 3 month’s paystubs to determine yearly income and child care fee.

Sliding Fee Scale Information
NCCC Child Development Center

Dear Parent/Guardian(s):

The NCCC Child Development Center has adopted a sliding fee scale beginning in the Fall 2003 Semester. Eligibility for the sliding fee scale is based on total household income. Please see enclosed sheet for a detailed listing of fees.

The sliding fee scale is based on annual household income. Eligibility must be verified prior to enrollment and once yearly there after. Please note that there are two different fee scales, one for the children in the “Toddler (18mos -36mos) Rooms” and one for the “Pre-K (36mos- 5yrs) Room”.

Your family will be charged at the highest rate until such time as income information is provided for verification.

The documents you need for income verification are:

- Filed Federal income tax return (Form 1040 or Form 1020) (signed by you)
- If no Form 1040 or Form 10220 is available, or if income has gone down substantially since filing, provide last six months of pay stubs for all parent/guardian(s) living with child.

In certain cases, other documentation may be needed to verify income. At the time of verification, you will receive notice of which bracket you qualify for on the sliding fee scale.

Please note: If you do not want to provide income information and know you are in the highest bracket, it is not necessary to provide us with these documents. Just let us know.

Students, please note: You may also be eligible for subsidies to assist you with the cost of care. We also offer a SUNY Block Grant. There are a limited number of Grant spaces available on a “first-come first served” and/or “as needed basis”. You will be sent an application as soon as feasible.
