Advisor Assignment

Student Development assigns advisors to new students and processes change of advisor requests. New student assignments are generally completed by the second week of each semester. Students can view their advisor assignment through Banner, NCCC’s student information system, by following these directions:

• Log into Banner Web (https://ncccbanner.itec.suny.edu)
• Click on “Enter Secure Area” (Enter User I.D. & PIN #)
• Click on the “Student & Financial Aid” link
• Click on the “View Academic Advisor Information” link

Every matriculated student (a student who is formally admitted to a degree or certificate program) is assigned a permanent Academic Advisor. This faculty member is available for consultation on a regular basis.
