

Student Life Advertisement Posting Procedure – Spring 2020

Snap Frame Overview

There are 10 public snap frame areas throughout the campus located in various buildings that are dedicated to departmental and campus wide posting. The additional snap frames throughout the campus are dedicated to Student Life/ Student organization sponsored events and promotions. The Student Life office staff and their designees are the ONLY ones that can put the flyers into the frames. All flyers that are to be posted in the frames must come to the Student Life office for posting.

Please note-

**This is a trial semester to see how this process works and will be assessed throughout the semester for feedback and if there is a need for additional frames, etc. **

There are still strips on the 2nd floors of the buildings on campus and you are still allowed to advertise on those as well. Student Life will hang those for you as well to keep consistency to the system. We hope to have frames on the second floors by Fall 2020
