## Attention Students in an AA or AS Degree or Changing Their Major to an AA or AS Degree:

Graduation requirements for General Education appear below for entering students in Fall 2015 or later. This applies to AA or AS degrees only (AAS and Certificate students are NOT included). Students MUST earn 30 credits selected from the SUNY approved general education courses. These courses are posted on the college website under Academics, General Education. In addition, the 30 credit hours MUST include courses selected from the following areas:

- Basic Communication (required)
- Mathematics (required)
- Courses in 5 of the following 8 Knowledge and Skills areas
- American History
- Foreign Language
- Humanities
- Natural Sciences
- Other World Civilizations

Students will meet the two SUNY Competencies of Critical Thinking and Information Management by completing courses embedded throughout their major. If the student has not met the 30 credits of SUNY general education as listed above, he/she will NOT be allowed to graduate with an AA or AS degree. If you have any questions about your progress toward graduation, please contact your advisor.
