Robert Borgatti (Digital Filmmaker's Club)-The Digital Filmmaker's club has been discussing a possible news cast at their club meetings, as a result, they proposed we collaborate to make Thunder News more effective. The only problem is that the lighting system is broken, and someone needs to be in charge of the studio & equipment.

Jacob Fleming (Digital Filmmaker's Club)- We should collaborate with the spirit and display closed captions so it is accessible for all people on campus without disrupting the environment around us.
