If you choose to drop a course after the date listed above, the course will remain on your transcript and a "W" grade will be assigned. Modular courses differ in deadlines. Please go to the [Student Calendar](#) and click on Modular Class Dates for detailed information.

COVID-19:

As you are aware there have been major developments in regards to the COVID-19 pandemic over the past several weeks which will only continue as the Centers of Disease Control and Prevention (CDC), New York State Department of Health (DOH) and other officials adjust to the COVID-19 protocols. As a result, we are able to issue the following modifications to NCCC's current COVID-19 safety protocols. These protocols are subject to change and we will update accordingly.

Daily Health Screening:

All entrances of the campus will be open allowing employees, students, and visitors to enter the campus at their desired entry point. There will no longer be screeners at the entrances performing daily health screening. Health Screening will need to be performed as follows:

Students – all students who come to campus will need to complete a one-time attestation form agreeing that they will self-monitor for symptoms as listed, and if exhibiting symptoms will not report to campus and instead seek health care or a COVID-19 test. [Click Here for the Form.](#)

Masks and Social Distancing

Fully vaccinated individuals can resume indoor and outdoor activities without wearing a mask or staying six feet apart. People who are considered to be fully vaccinated: (1) two weeks after receiving the second dose of a COVID-19 vaccine series or (2) two weeks after receiving a single dose vaccine.

Students - in order to receive an exemption from wearing a mask, students must provide the Wellness Center located in C-122 with a copy of their vaccination card proving that they are fully vaccinated. When the proper proof is provided, the Wellness Center will provide the student with a designated sticker to be placed on the back of their NCCC ID card indicating that they are exempt from the mask requirement which still provides confidentiality to the student.

Clinical Programs and Courses- Clinical teaching laboratories that function as a healthcare space may operate without the six-foot social distancing however, masks must continue to be worn in these settings regardless of COVID-19 vaccination status.

Visitors – will need to comply with the CDC guidance and wear a mask if they are unvaccinated.

COVID-19 Testing:

Fully vaccinated employees and students are exempt from mandatory weekly testing upon the submission of their vaccination card to the Wellness Center as required.

Mandatory weekly COVID-19 testing will continue to be required for all employees and students who have either not been fully vaccinated or who have not provided their vaccination card showing proof of their vaccination status.

If you have any specific questions, please contact Julia D. Pitman, Vice President of Student Services jpitman@niagaracc.suny.edu

Julia D Pitman, Vice President of Student Services

Mandatory COVID testing for those not vaccinated:

Mandatory weekly COVID-19 testing is still required for all who have not been fully vaccinated or who have not provided their proof of vaccination card who have classes on campus. COVID testing takes place in the D101 in the Learning Commons on the Sanborn Campus at the following times:

Monday	10:00am - 6:30pm
Tuesday	9:00am - 3:00pm
Wednesday	9:00am - 3:00pm
Thursday	12:30pm - 6:30pm

COVID testing takes place at NFCL from 10-4 on Wednesdays.
